## LA Photo Party Testimonials

"LA Photo Party created a buzz at the BRAVO TV party unlike anything I've seen recently -- it is new, unique, and brings out a side of people that a conventional photo booth just can't do. There were lines throughout the party eagerly waiting to pose with Bravo talent life size cutouts. We look forward to using LA Photo Party's unique service again soon."

-Ben Russo // EFG :: Entertainment Fusion Group

"The LA Photo Party team was very quick to respond and was very flexible to the unique planning needs for the River Park Alive Launch, an upscale master-planned community in Oxnard, California. LA Photo Party's service is definitely new, fun, and one of a kind. Everyone at the event from young kids to their grandparents had a blast! The Overall response was GREAT! An A+. We have already recommended LA Photo Party for another event."

-Patricia Gamboa-Harding - Patrician Company

"My favorite part of having Brian's LA Photo Party at one of my parties is way his the Photo Booth encourages social interaction. My guests can jump into a photo with strangers - and they do. My guests can watch the hilarious posing from the sidelines - LA Photo Party is such great entertainment. And my guests will leave my party with the memories and photographs that will always remind them of the great time they had. I can't wait for the opportunity to have LA Photo Party at my next party."

-Alex, Venice Beach, CA

"Hi Brian,

You should have been there!

I have been traveling with Bridal Expos for 15 years, and I have never seen people having so much fun!"

-Wendy Kelly, The Great Bridal Expo
